Profile

Software Engineer with 2+ years of experience in developing dynamic web applications using PHP, Laravel, ReactJS, and MySQL. Skilled in building RESTful APIs, implementing CRUD operations, and creating responsive user interfaces. Experienced in working on live projects, optimizing performance, and collaborating with teams using Git. Currently seeking opportunities to contribute technical expertise and grow in a challenging development environment.

Experience:-Two Years

Software Engineer, Wayone It Solutions - Developed and maintained scalable web applications using PHP, Laravel, ReactJS, and MySQL. - Designed and implemented RESTful APIs to support seamless frontend-backend integration. - Created responsive and user-friendly interfaces using HTML, CSS, JavaScript, and Bootstrap. - Implemented CRUD functionalities, authentication modules, and admin dashboards for business applications. - Optimized database queries and improved overall application performance and efficiency. - Utilized Git for version control and collaborated effectively with team members on live projects.	08/2024 – 12/2025 New Dellhi
